The final programme will be influenced by the weather conditions of the day. The Event Management Committee may alter competition courses in order to address safety or to account for tidal, sea and beach condition changes. As far as possible we will undertake to provide all competitors with fair and equal conditions.

**Alternate Venue:**

Should conditions be predicted to be unsafe to the point that the event cannot be run at Muriwai, the alternative venue is Omaha Beach. Notification of venue change will be communicated to clubs as soon as possible the day prior to the event.

**Briefings:**

Attendance to briefings is compulsory. Important information will be given at briefings that you will need to know covering core event information and health and safety.

**Parking & Access – see venue map below:**

The Parking Plan outlines the designated areas for Parking. We would ask that you also follow the direction provided by Muriwai volunteers in regards parking. There will be signage to designated parking.

Boat/Canoe Access to the beach is via the Muriwai Tower access point and only Muriwai vehicles are permitted to take boats/canoes on and off the beach. This will take place between 0800 - 0830. There is no vehicle parking on the beach. Please see the Parking Plan to view the Boat/Canoe drop off area.
